INDEPENDENT AUDITORS' REPORT

January 25, 2006

To the Commissioners of the
Washtenaw County Building Authority Board
Ann Arbor, Michigan

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the ***Washtenaw County Building Authority, a component unit of Washtenaw County***, as of and for the year ended December 31, 2005, which collectively comprise the basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the management of the Washtenaw County Building Authority. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Washtenaw County Building Authority as of December 31, 2005, and the respective changes in its financial position thereof for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The Authority has not presented Management's Discussion and Analysis as required supplementary information. The GASB has determined that such information is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The combining fund financial statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly presented in all material respects in relation to the basic financial statements taken as a whole.

A handwritten signature in black ink, reading "Lehmann Lobson". The script is cursive and fluid, with the first letters of each name being capitalized and prominent.

The accompanying notes are an integral part of these financial statements.

WASHTENAW COUNTY BUILDING AUTHORITY

Notes To Basic Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Washtenaw County Building Authority (the “Authority”) was established pursuant to Act 31, Public Acts of Michigan, as amended. The Authority has entered into various lease agreements with Washtenaw County (the “County”) and certain third party governments covering buildings constructed by the Authority (see Note 3).

Reporting Entity – These financial statements represent the financial position and the results of operations of a blended component unit of the County and are an integral part of that reporting entity.

Authority-wide and Fund Financial Statements – As permitted by GASB Statement No. 34, the Authority uses an alternative approach reserved for single program governments to present combined authority-wide and fund financial statements by using a columnar format that reconciles individual line items of fund financial data to authority-wide data in a separate column. Accordingly, this is presented in the Statement of Net Assets and Governmental Funds Balance Sheet and the Statement of Activities and Governmental Fund Revenues, Expenditures and Changes in Fund Balances. Major individual governmental funds are reported as separate columns in the aforementioned financial statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation – The authority-wide financial information is reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial information is reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Property taxes, franchise taxes, licenses and interest are considered to be susceptible to accrual. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

WASHTENAW COUNTY BUILDING AUTHORITY

Notes To Basic Financial Statements

The Authority reports the following major governmental funds:

Debt Service Fund –
 Ann Arbor District Court
 Space Plan Phase IA Refunding
 Space Plan Phase II
Capital Projects Funds:
 Huron Valley Ambulance Building
 Head Start Building

Debt service funds account for the accumulation of resources for, and the payment of, interest and principal on bonded debt.

Capital projects funds account for the use of resources, primarily bond proceeds, in constructing or acquiring capital assets, including buildings.

As a general rule the effect of interfund activity, if any, has been eliminated from the authority-wide financial statements.

Long-term Obligations – In the authority-wide financial statements, long-term debt is reported as a liability. Bond discounts, premiums, issuance costs and refunding losses are deferred and amortized over the life of the applicable bonds using the effective interest method. Bonds payable are reported net of the applicable bond discount, premium and deferred loss. Bond issuance costs are reported as deferred charges.

In the fund financial statements, governmental fund types recognize bond discounts, premiums and issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Discounts or premiums on debt issuances are reported as other financing uses or sources, respectively. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund Equity – In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

WASHTENAW COUNTY BUILDING AUTHORITY

Notes To Basic Financial Statements

2. CASH AND CASH EQUIVALENTS

At year-end, the carrying amount of the Authority's cash and cash equivalents, which were deposited entirely in the County Treasurer's internal cash management pool, was \$790,494. Because it is infeasible to allocate risk to individual component units or pool participants, aggregate cash and investment categorizations are presented in the County's basic financial statements.

3. LEASES RECEIVABLE

The Authority has entered into various lease agreements with the County and other governments for buildings acquired or constructed by the Authority. These agreements generally terminate with the retirement of the related bond issues. Leases receivable are reported at an amount equal to the lesser of the actual bond-financed construction costs incurred to date or the outstanding bond principal. Annual lease payments under these agreements are equal to the related bond principal and interest due each year. At termination of a lease, title to the leased property is passed to the County or other government.

Under the accrual basis of accounting and the provisions of FASB (Financial Accounting Standards Board) Statement No. 13, *Accounting for Leases*, the Authority's leases are classified as sales leases. As a result, leases receivable are recognized in the accompanying statement of net assets, whereas capital assets are not.

All lease agreements provide for the lessee to use, operate and maintain the property, at its own expense, subject to the terms and conditions of the agreements.

4. COMMITMENTS

The Authority has \$776,650 in capital projects fund balance at December 31, 2005, which is committed for construction or building acquisition that will occur in 2006 and succeeding years.

WASHTENAW COUNTY BUILDING AUTHORITY

Notes To Basic Financial Statements

5. LONG-TERM DEBT

The Authority issues general obligation bonds to provide funds for the construction and acquisition of major capital facilities. The original amount of general obligation bonds issued in prior years was \$32,345,000. No new general obligation bonds were issued during the year, although one issue was refunded by the County.

General obligation bonds are direct obligations and pledge the full faith and credit of the government. These bonds generally are issued as 15 to 20-year serial bonds with varying amounts of principal maturing each year. General obligation bonds currently outstanding are as follows:

<u>Purpose</u>	<u>Interest Rates</u>	<u>Amount</u>
Governmental activities:		
Ann Arbor District Court	5.4%	\$ 165,000
Space Plan II	4.65%	1,250,000
Space Plan IA Refunding	2.0-3.25%	7,670,000
Head Start Building	2.05-4.75%	2,675,000
		<u><u>\$ 11,760,000</u></u>

Annual debt service requirements to maturity for general obligation bonds are as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>
2006	\$ 1,615,000	\$ 373,160
2007	1,705,000	322,947
2008	1,090,000	267,909
2009	1,065,000	241,813
2010	1,100,000	214,437
2011-2015	3,860,000	584,063
2016-2020	900,000	221,250
2021-2025	425,000	30,625
	<u><u>\$ 11,760,000</u></u>	<u><u>\$ 2,256,204</u></u>

WASHTENAW COUNTY BUILDING AUTHORITY

Notes To Basic Financial Statements

Advance Refundings. During the year, the County issued \$11,475,000 of general obligation limited tax refunding bonds to provide resources to purchase U. S. Government securities that were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of \$10,550,000 bonds. As a result, the \$10,550,000 bonds are considered to be defeased and the liability has been removed from the governmental activities column of the statement of net assets. The reacquisition price exceeded the net carrying amount of the old debt by \$786,730. This amount is being netted against the new debt and amortized over the new debt's life, which is the same as the refunded debt. The advance refunding resulted in an economic gain of \$516,165 and a reduction of \$651,604 in future debt service payments.

Because the County issued the refunding debt in the above instance, the bond proceeds are reported in its financial statements and then, for purposes of the Authority's financial statements, shown as transfers in (i.e., other financing source) and offset by a payment to the escrow agent account (i.e., other financing use). The refunded bonds will be called and redeemed in their entirety in 2007.

Long-term liability activity for the year ended December 31, 2005 was as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Bonds payable	\$ 24,295,000	\$ -	\$ (12,535,000)	\$ 11,760,000	\$ 1,615,000
Deferred amounts for:					
Issuance discounts	(45,000)	-	2,500	(42,500)	-
Issuance premiums	123,767	-	(13,752)	110,015	-
Refunding loss	<u>(415,980)</u>	<u>-</u>	<u>46,220</u>	<u>(369,760)</u>	<u>-</u>
	<u>\$ 23,957,787</u>	<u>\$ -</u>	<u>\$ (12,500,032)</u>	<u>\$ 11,457,755</u>	<u>\$ 1,615,000</u>

WASHTENAW COUNTY BUILDING AUTHORITY

Notes To Basic Financial Statements

6. ADJUSTMENTS

Following is an explanation of the adjustments between the governmental funds balance sheet and the component-wide statement of net assets, which reconciles fund balances to net assets:

Fund balances	\$ 790,494
Adjustments:	
Leases receivable are not <i>current financial resources</i> and therefore are not reported in the governmental funds	
Leases receivable - County	10,906,128
Leases receivable - third parties	114,000
Deferred charges for bond issuance costs are currently expended in the governmental funds, whereas they are capitalized and amortized for net assets	122,912
Bonds payable are not due and payable in the current period and therefore not reported in the governmental funds	(11,760,000)
Discounts and premiums on bonds are reported as other financing uses or sources in the governmental funds, whereas they are capitalized and amortized for net assets (netted against bonds payable)	(67,515)
Deferred charges for bond refunding losses are not recognized in the governmental funds, whereas they are capitalized and amortized for net assets (netted against bonds payable)	369,760
Accrued interest payable on bonds is not recorded by governmental funds	(125,129)
Net assets	\$ 350,650

Following is an explanation of the adjustments between the governmental funds statement of revenues, expenditures and changes in fund balances and the component-wide statement of activities, which reconciles the net change in fund balances to the change in net assets:

WASHTENAW COUNTY BUILDING AUTHORITY

Notes To Basic Financial Statements

Net change in fund balances	\$ (1,858,499)
-----------------------------	----------------

Adjustments:

Amounts received for the payment of certain bond principal and interest is recorded in the funds as other financing sources. For the statement of activities, the other financing sources are eliminated with that portion of the receipts that pertain to bond interest being recognized as intergovernmental revenues.

Intergovernmental revenues	531,482
Transfers from Washtenaw County, net	(2,524,406)

Repayment of bond and note principal is an expenditure in the funds, but the repayment reduces long-term liabilities for <i>net assets</i>	1,985,000
--	-----------

Construction costs are recorded as expenditures in the funds, but increase leases receivable for <i>net assets</i>	87,847
--	--------

The issuance of bonds provides current financial resources and bond issuance costs, discounts and premiums are a source/use of current financial resources. These transactions do not effect *net assets* and therefore are eliminated:

Transfers in from Washtenaw County	(11,336,730)
Payment to refunding escrow agent	11,336,730

Accrued interest expense on bonds and the amortization of bond issuance costs and discounts are not recorded by governmental funds but are reported under interest and fiscal charges for purposes of *net assets*:

Accrued interest expense	207,422
Amortization of bond issuance costs	(12,493)
Amortization of discount on bonds	(2,500)
Amortization of premium on bonds	13,752
Amortization of deferred refunding loss	(46,220)

Change in net assets	<u><u>\$ (1,618,615)</u></u>
----------------------	------------------------------
